220kV Cable Works for EMAL Phase I Up-Grade

**Subject:** **To Whom it May Concern**

Dear Sir,

Please be advised the specialist HV testing company AQI performed Partial Discharge measurements on Prysmian 220kV cable circuits at EMAL.

The 220 kV circuits tested were for RT 16 and RT 26 for Prysmian contract TK4755.

Yours faithfully,

**PRYSMIAN POWERLINK S.r.l.**
